OUR VISION STATEMENT

To provide a safe space for
learning the potential and
dangers of motorcycles

OUR MVP

Safely advancing a
motorcycle forward

THE Q'S THAT MATTER

WHAT?

VR Motorcycle
Simulator

WHEN?

May 1 - Aug 4

HOW?

- Limited budget
- Tools included in the tuition

WHERE?

WHO?

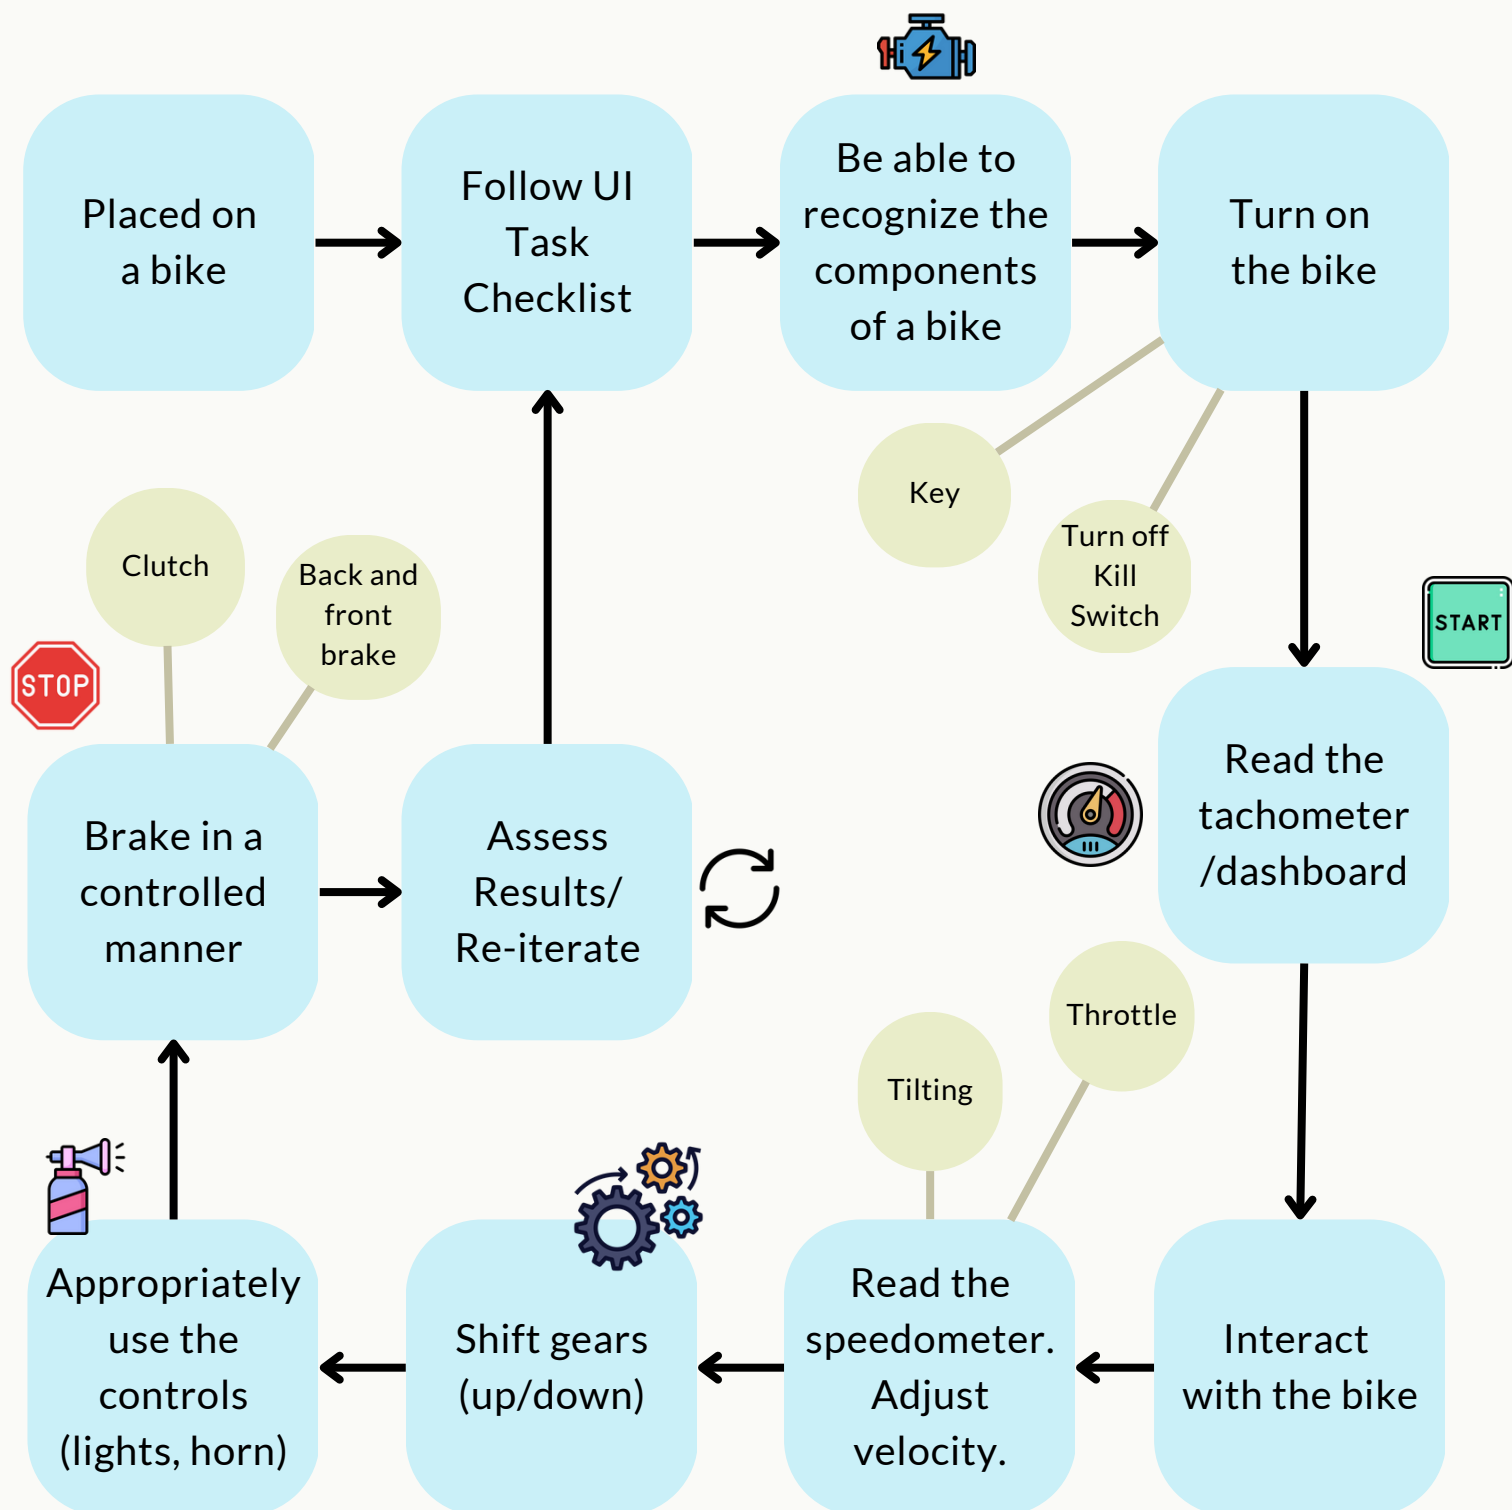

By: Erick Leclerc

For: Curious
Motorists &
Students

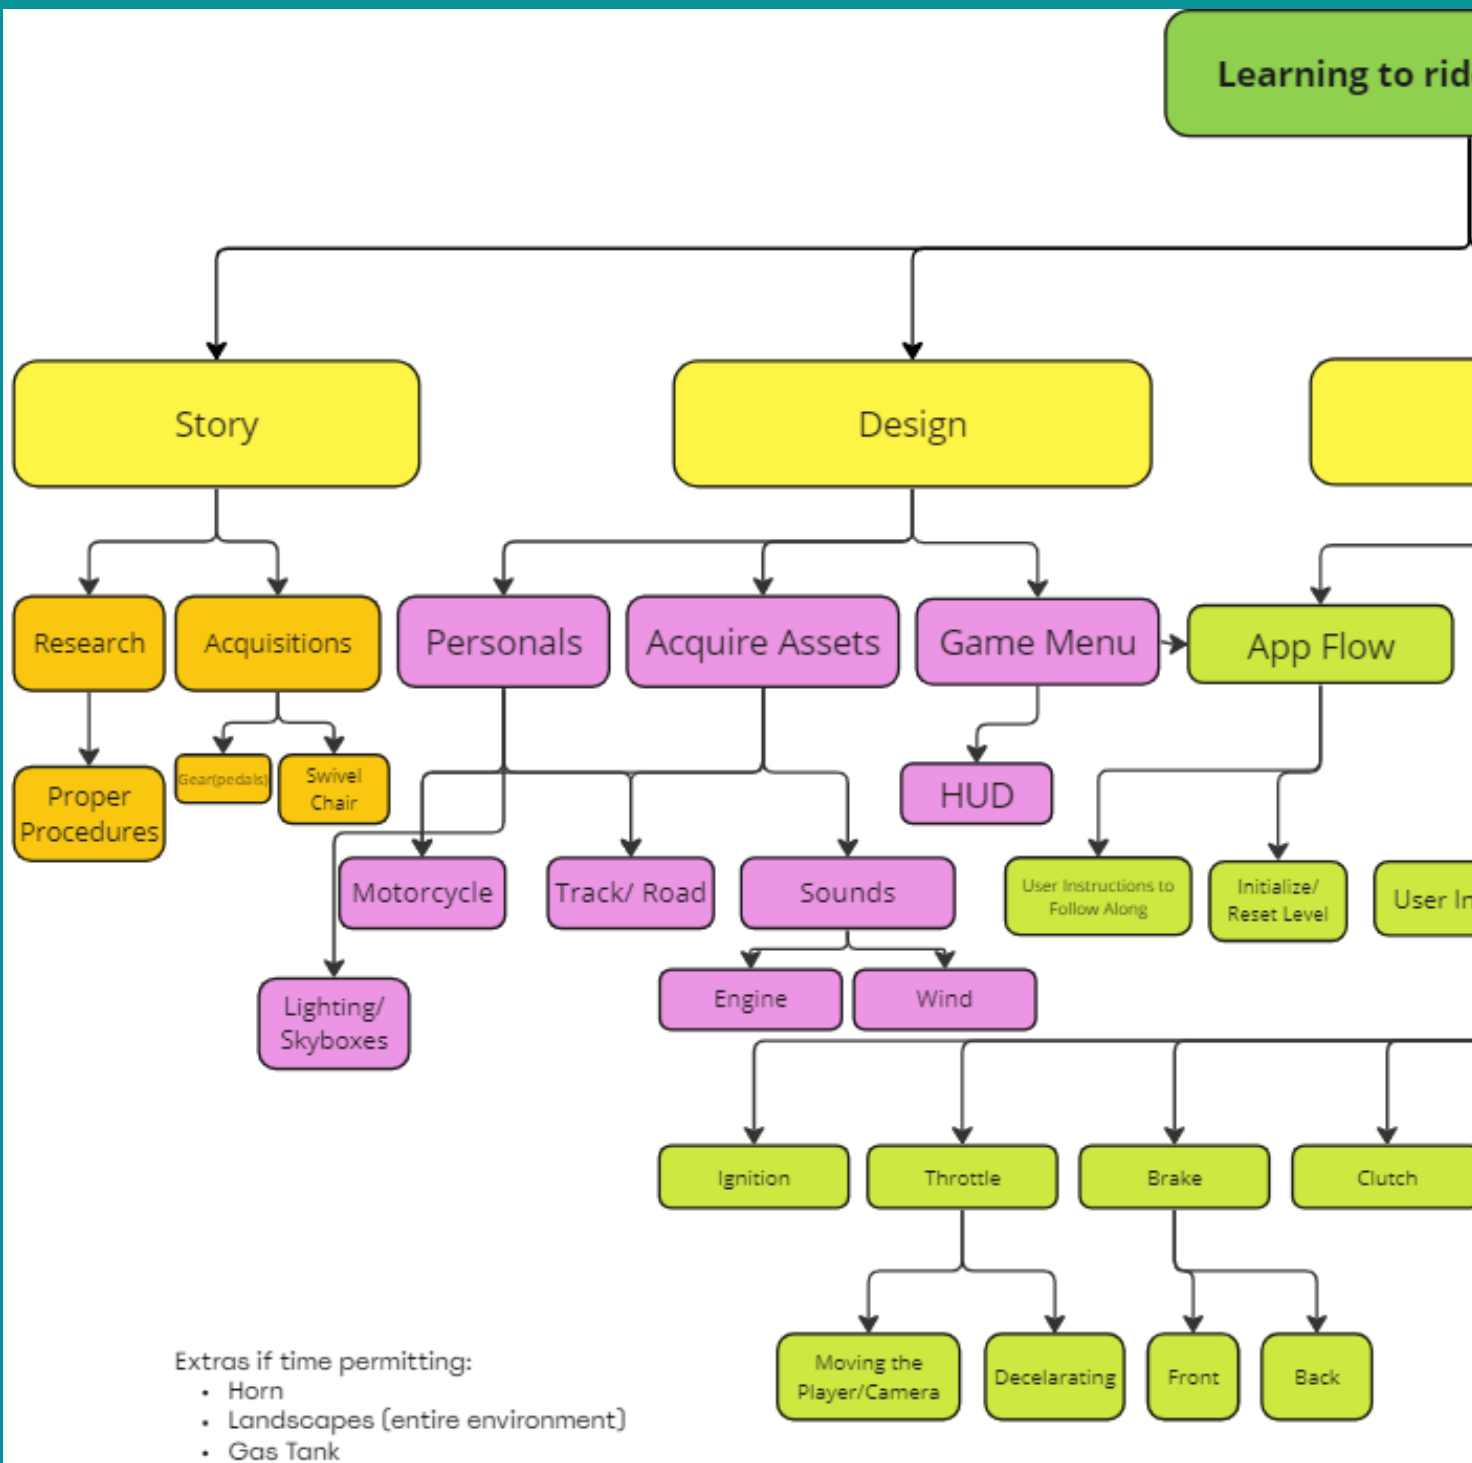

WHY?

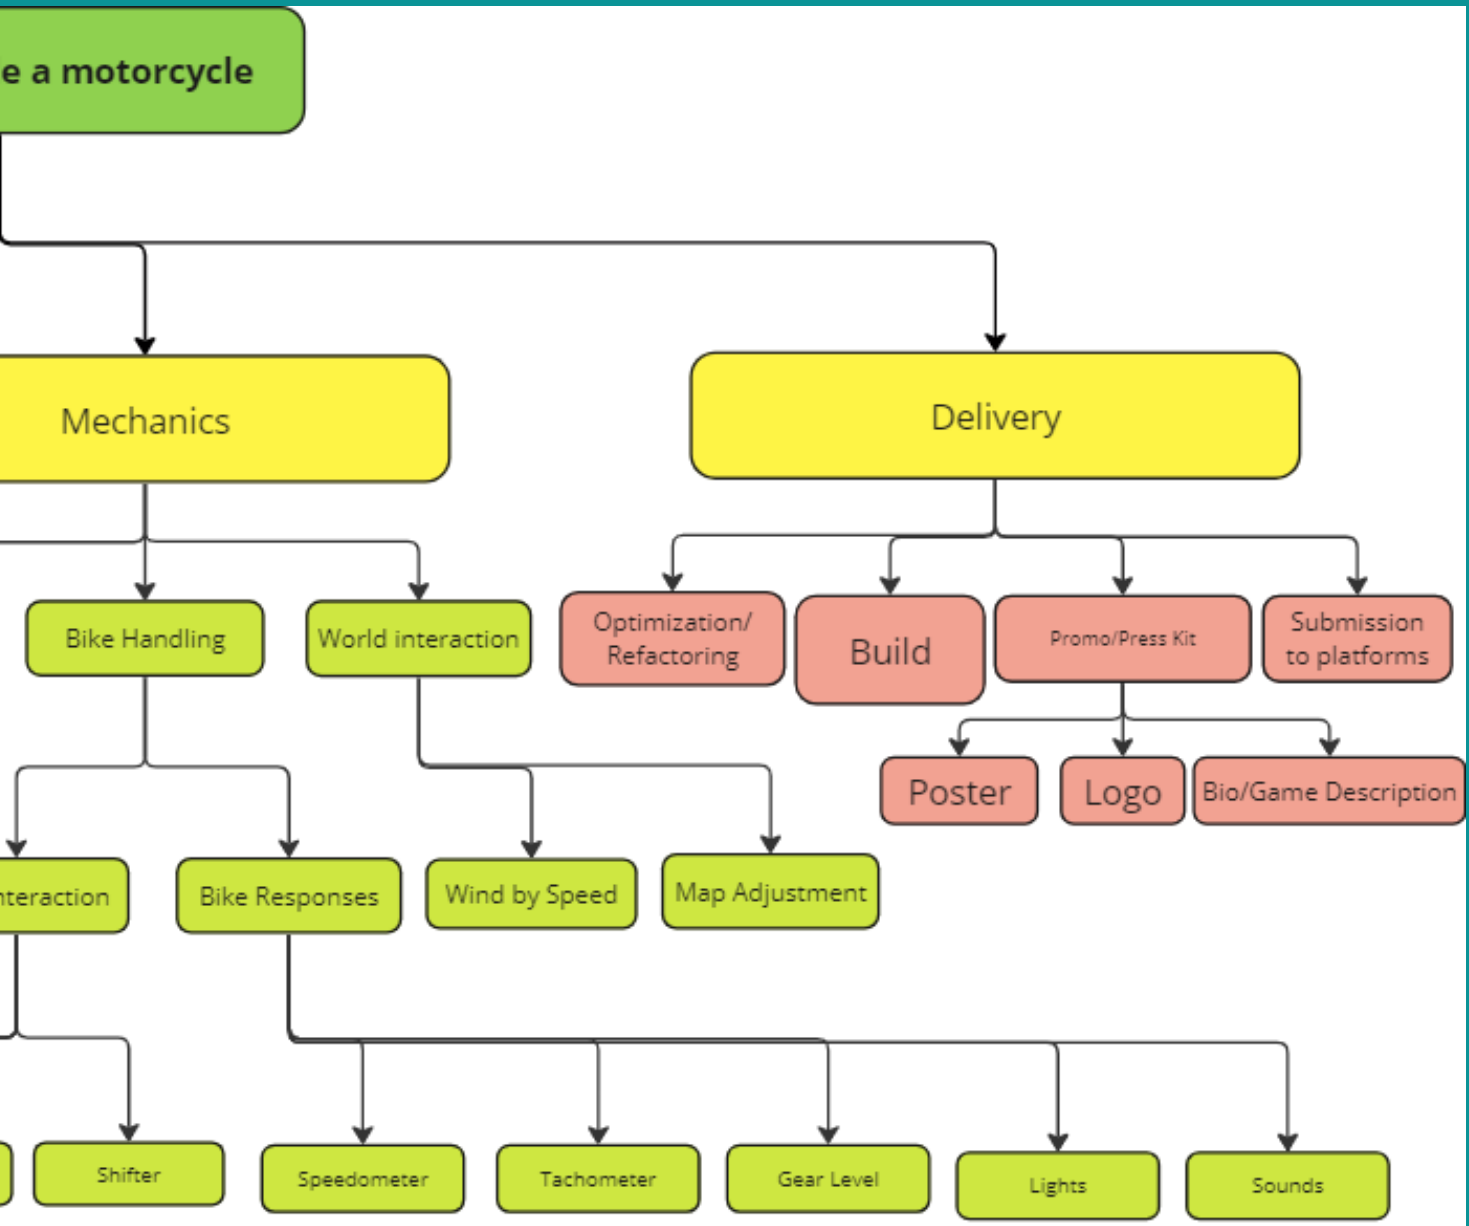

- Off-season use
- Cheaper starting costs
- Safer vs. immediately hopping on a bike
- More interactive
- More forgiveness

HIGH-LEVEL USER FLOW

LEARNING OUTCOMES

- Proficiency in C# and Unity
- More practical view on corporate VR apps

Future Development:

- For standalone devices
- Wireless shifters
- Different bikes
